REPORT OF PRINCIPAL AND SCHOOL  
IMPROVEMENT COUNCIL

The 2013 - 2014 school year was another successful year at Manning High School. There were 38 honor graduates in the class of 2014, which equates to 21% of our graduating seniors earning at least a 3.62 cumulative average during their high school career. Fifty three students qualified for either Hope or Life Scholarships, which will provide \$2800 - \$5000 per year towards tuition at any in-state institution, provided that the student is able to maintain a 3.0 grade point average. Students in our graduating class of 2014 earned \$3,240,575.00 in scholarships to post-secondary institutions.

Manning High School is enthusiastic about our students’ enrollment in the College Credit Program through Central Carolina Technical College. We had more than 25 students enrolled in Dual Credit Courses, with many students graduating from Manning High School with more than 12 hours of college credit. The credits that they earn will transfer to any public or private college in the state of South Carolina and to many colleges outside of the state. Dual credit courses are offered at no cost to the students.

Manning High School continues to utilize the APEX Learning System to assist student who struggle academically. Students participating in our credit recovery program make use of this software in order to facilitate learning in areas where they are found to have deficiencies and receive the credits needed for on time graduation. Summer School students also use the program in order to take courses for initial credit. By using this software in our enrichment programs, we hope to increase our graduation rate and lower failure rates.

Manning High School is committed to improving teaching and learning by incorporating the use of technology in our classrooms and lessons. We’re looking forward to the transformation of teaching and learning that will be brought about through the implementation of one-to-one technology in the upcoming school year as a part of the Carolina Consortium for Enterprise Learning. Currently, all of our classrooms are outfitted with SMARTboards and Promethean ActivBoards which are designed to increase student engagement and promote critical thinking. We have two computer labs consisting of at least twenty five computers each and all are connected to the Internet by high speed connections. Manning High also has a mobile computer lab with Chromebooks that are networked. Our building is completely Wi-Fi, allowing access to the internet throughout our entire building.

We’re also very excited about the implementation of the AVID Learning System. AVID, Advancement Via Individual Determination, is a school wide transformation effort focused on leadership, systems, instruction, and culture, and is designed to increase the number of students who enroll and succeed in higher education and in their lives beyond high school.

The 21st Century has already presented an array of challenges for our local community, state, and nation. Our society recognizes that education is key to creating a skilled work force, which is essential to our future prosperity. With this in mind, the faculty and staff at Manning High school are continuously involved in professional development activities that will improve instruction and help create learning experiences that will produce
